News Release – For Immediate Release
Joshua Tree Gift Sets Available for School Fund Raisers

When was the last time athletic boosters came to the door with a product you really wanted to buy? - A product that you would really use?

Joshua Tree Products are making their potent, organic healing salves and lip balms, as well as their flavorful herbal teas available for school and organizational fundraisers. Joshua Tree marketing works directly with interested schools to streamline the ordering process, and keep earnings high for the organizations involved.

Tea sets are one of our best selling gifts. These premium, therapeutic grade herbal teas (tisanes) are carefully hand-blended for an amazingly fragrant and flavorful escape from your day. Functional, effective and so good, they are packaged in gift sets so colorful they hardly need a bow.

Other favorite products even teens can afford are the new Desert Shimmer lip balms. These lavish lip moisturizers are infused with organic vanilla and a pearlescent sparkle. They are designed to provide basic daily sun protection and give your lips a natural, healthy glow that compliments skin tone.

Joshua Tree products are not listed in any fundraising catalogs. Interested persons can contact Joshua Tree Products thru their website, JTreeLife.com for detailed information and pricing.

Leslie Timms - Climbs harder than the boys

Joshua Tree Products are so awesome that I proudly promote them wherever I climb. Their new lip shimmer is my new obsession and I cannot live without it! I can't say enough about J-tree products; this stuff really works...great work Dave!
